Application to enrol in a Queensland state school

This sheet contains information on how to complete the Application for student enrolment form (SEF-1 Version 8).

Entitlement to enrolment

Under the *Education (General Provisions) Act 2006 (Qld)* a state school must enrol a prospective student if they are entitled to enrolment. While not exhaustive, the following matters may affect a prospective student's entitlement to enrol in a state school:

- if the school has a School Enrolment Management Plan or an Enrolment Eligibility Plan (enrolment is subject to eligibility under the plan)
- the applicant is a prospective mature age student (the applicant can only apply for enrolment at a mature age state school and will be subject to a satisfactory criminal history check, or as a student in a program of distance education. All prospective mature age students must have a remaining allocation of state education.)
- the prospective student is not of correct age for enrolment (relates to Preparatory Year and Years 1 to 6)
- the prospective student has been excluded, or is subject to suspension from a state school at the time of the application
- the school principal reasonably believes that the prospective student presents an unacceptable risk to the safety or wellbeing of members of the school community (application is referred to the Director-General)
- the school is a state special school and the prospective student does not meet the criteria for enrolment in a special school
- the proposed enrolment requires approval as part of a flexible arrangement under s.183 of the *Education (General Provisions) Act 2006 (Qld)*, and the arrangement has not yet been approved
- the prospective student is not an Australian resident or citizen or the child of an Australian permanent resident or citizen (visa restrictions may apply, fees may be charged, in some cases legislation requires that the prospective student must obtain approval from the Chief Executive via Education Queensland International (EQI) to enrol)
- the school does not offer the year level that the prospective student should be enrolled in
- the prospective student has no remaining semester allocation of state education. Enrolment cannot proceed until additional semesters are applied for by the prospective student (or parent on their behalf) and granted.

Prospective student

A prospective student is a person who has applied to enrol at a state school but who has not yet been accepted for enrolment.

Parent's occupation and education

All parents across Australia, no matter which school their child attends, are asked to provide information about family background (answering this question is optional). The main purpose of collecting this information is to promote an education system which is fair for all Australian students regardless of their background.

Court Orders

Any court orders concerning the prospective student's welfare, safety or parenting arrangements should be provided to the school, and the school should also be provided with any new or updated orders.

Name on enrolment form

A prospective student should be enrolled under their legal name as per their birth certificate. There is provision to also record a preferred family and/or given name. The preferred name will be used on internal school documents such as class rolls. The legal name will appear on semester reports unless there is a specific request to use the preferred name only. This request can come from parents/carers or the student (if the student is independent/mature age).

Gender

Information about gender is supplied to the Federal Government to comply with State funding agreements. The gender category with which a person identifies may not match the sex they were assigned at birth. There is no requirement for a student's gender recorded on this form to align with the sex shown on their birth certificate or passport.

Religious Instruction

Religious instruction is a program approved and provided by a religious denomination or religious society. Other instruction relates to part of a subject area that has been covered within the curriculum and may include, but is not limited to, personal research and/or assignments, revision of class work, and wider reading. Information about religious instruction available at the school, and about other instruction, is provided by the school at the time of enrolment and on the school's website.

- abide by school rules/expectations as outlined in the Student Code of Conduct, including not bringing items to school which could be considered as weapons (e.g. dangerous items such as knives)

State School Consent Form

to use, record or disclose copyright material, image, recording, name or personal information

If you do wish to revoke or modify this consent in relation to any further new uses of the Individual's personal information or Individual work, the Individual or the Signatory should send a notice in writing to the person nominated in Section 9 of this Consent Form. After that notice is received, the Department and the State will still be able to continue the existing uses, but will not be able to make any further new use of the Individual's personal information or Individual work.

The Signatory acknowledges that where material is uploaded to a Social Media website or other website:

- the use and contractual obligations may be perpetual and irrevocable; and
- it may not be possible to ensure that all copies of the material are deleted or cease to be used, and the Department and the State will not be responsible for doing so.

8. DEFINITIONS

- 'Use' includes:
 - to create, make copies of, reproduce, modify, adapt or retain in any form, including by camera, video, digital recorder, webcam, mobile phone or any other device; and
 - to distribute, publish or communicate in any form, including in newsletters and other print media, television and the internet and Social Media websites, in whole or in part, and to permit other persons to do so.
- The Department or the State will not pay the Signatory or the Individual for giving this consent or for the use of the Individual's personal information or Individual work.
- This Consent Form revokes and replaces all previous consent forms in relation to the use of the Individual's personal information or Individual work.
- This Consent Form is a legally binding and enforceable agreement between the Signatory and the Department or the State.
- Nothing in this Consent Form limits the rights that the Department or the State reserve in relation to the use of the Individual's personal information, Individual work or other intellectual property under any other law.
- The 'Department' and the 'State' include the officers and employees of the Department and the State engaged in performing services for the Department and the State.
- 'Social Media Website' includes any website operated by a third party which facilitates the uploading and sharing of user generated content, including social and professional networking websites, web forums, blogs and wikis.
- This consent extends to the Department and the State:
 - disclosing the Individual's personal information and Individual work to the Department's and the State's agents, contractors and volunteers for the purpose of performing services for the Department and the State; and
 - permitting those persons to use, record and disclose such material to the same extent as the Department and the State are entitled to deal with the Individual's personal information and Individual work.

9. NOTE

The Department will use its best endeavours to ensure the person signing this Consent Form is authorised to do so, but takes no responsibility for circumstances in which it is misled as to the identity or authority or ability of a person to provide consent.

If you require a copy of this signed Consent Form, or if you wish to revoke this consent, please contact the Principal of the school at which the Individual is enrolled or works or send a request in writing to the District Office.

10. INFORMATION

What is this consent for?

This Consent Form authorises the Department and the State to use the Individual's personal information and copyright material, together with information about the Individual's participation in Departmental and State initiatives, for any use by the Department and the State associated with the purposes identified in Section 6 of this Consent Form. The consent covers the entire or partial use of the Individual's personal information and copyright material in conjunction with other words and images.

For example, the Individual's personal information and copyright material may appear in school newsletters, magazines, websites (including Social Media Websites) and other school, departmental or State publications, as well as in television advertising, videos, brochures, forms, public relations displays, annual reports, press advertising, internal documents such as manuals, websites, certificates and strategic plans, and posters and other promotional material. There may also be occasions on which the Department may approve the media, such as local newspapers and television stations, using information and copyright material in relation to the Individual (for example, where the Individual is involved in dramatic or musical performances, sporting activities or award ceremonies).

Websites

Individuals and Signatories should be aware that publication of an Individual's personal information and Individual work on Social Media Websites is similar to publication in newsletters, magazines, brochures, etc; however publication on Social Media Websites is publication of that material to the world at large.

Individuals and Signatories should be aware that the publication of an Individual's personal information and Individual work, by the Department or the State, on a Social Media Website typically constitutes a permanent and publicly available record of that material. This means that anyone may be able to copy and use an Individual's personal information and Individual work that has been published on a Social Media Website for any purpose and without the consent or knowledge of the Department, the State or the Individual. Individuals or Signatories should not grant their consent to the Department or the State to use an Individual's personal information or Individual work in connection with a Social Media Website if the Individual or Signatory does not agree to the material being permanently available to the public.

If an Individual's personal information or Individual work is published on a Social Media Website, that material will be governed by the privacy policy and terms of use of the relevant Social Media Website. The Department or State cannot reasonably control how an Individual's personal information or Individual work is used by third parties once the material has been published on a Social Media Website.

What is copyright material?

An Individual's copyright material may include written work (e.g. stories and poems), paintings, pictures, drawings, designs, photographs, videos, films, music, performance, recordings, computer programs, websites, sculptures, fashion, metal- or wood-works made by them or to which they contributed. In the case of students, it includes, but is not limited to, work that they create in the course of their studies during the time they are enrolled at a State school. These materials may form part of their academic assessment or be part of their studies generally and may attract copyright.

The Department understands that students and volunteers generally own the intellectual property rights in the material they create and that this Consent Form is not meant to transfer the Individual's ownership of the intellectual property in their copyright material.

This Consent Form does not provide for copyright consent in relation to copyright works an Individual creates in the course of employment (whether or not the material is created in normal work hours or using departmental facilities or equipment). Where copyright material is created by a State employee while performing their duties under the terms of their employment, the copyright is owned by the State as the employer (section 35 *Copyright Act 1968*). There are limited exceptions to this including, for example, where the copyright material is created by an employee pursuant to a prior agreement with the employer.

Generally, the deciding factor is whether the employee is performing their official duties. In addition, section 176 of the *Copyright Act 1968* applies where the work was created by or under the direction or control of the State. However, moral rights may still apply to copyright material created by an employee. The *Queensland Public Sector Intellectual Property Principles* provide further information on intellectual property. If as an employee you have any further queries about the ownership of the intellectual property in respect of the works you create you should contact the Legal and Administrative Law Branch.

What is personal information?

Personal information includes information or opinions, whether true or not, about an individual whose identity is apparent or can reasonably be ascertained from the information or opinion. This includes the Individual's name, image or video or sound recording. It also includes the Individual's educational information such as the Individual's assessment and results, and health information and court orders provided to the Department, where such information may enable the Individual to be identified.

What happens to the Consent Form once it is completed and signed?

The Consent Form is retained by the Department and it will be placed on the Individual's file and/or the project file. The Individual or Signatory may request a copy of the signed form by contacting the Principal of the school.

What if I give my consent and later change my mind?

This consent will be in effect from the date the Consent Form is signed. The Department and the State will then start using the Individual's personal information and Individual work to create material incorporating the Individual's personal information and Individual work and entering into contractual obligations in relation to that material.

If you wish to later modify or revoke this consent, the Individual or the Signatory should send a notice in writing to the person nominated in Section 2 of this Consent Form. After that notice is received, the Department and the State will not make any new additional use of the Individual work, but any existing uses will continue.

Where the Department or another person uploads material to a Social Media Website or other website, it may need to accept contractual obligations that are perpetual and irrevocable. It may not be possible to ensure that all copies of the material are deleted or cease to be used, and the Department and the State cannot take responsibility for doing so.

Privacy

The consent to the recording, use and disclosure of the Individual's personal information and Individual work is required in accordance with the *Copyright Act 1968* (Cth), the *Education (General Provisions) Act 2006* and the *Information Privacy Act 2009*. Personal information will be stored securely. The Department will only disclose the Individual's personal information in accordance with your consent, except where authorised or required by law. If you wish to access or correct any of the personal information on this form or discuss how it has been dealt with, or if you have a concern or complaint about the way the Individual's personal information has been collected, used, stored or disclosed, please contact the school.

Uncontrolled Copy. Refer to the Department of Education and Training Policy and Procedure Register at <http://ppr.det.qld.gov.au> to ensure you have the most current version of this document.

Acceptable Usage Agreement for ICT Facilities

Information and communication technology (ICT), including access to and use of the internet and email, are essential tools for schools in the provision of innovative educational programs. Schools are constantly exploring new and innovative ways to incorporate safe and secure information and communication technology (ICT) use into the educational program.

Acceptable/appropriate use/behaviour by a student

- assigned class work and assignments set by teachers
- developing appropriate literacy, communication and information skills
- conducting general research for school activities and projects
- communicating or collaborating with other students, teachers, or experts for school work
- accessing online references such as dictionaries, encyclopaedias, etc.
- researching and learning through the department's eLearning environment

Unacceptable/inappropriate use/behaviour by a student

- download, distribute or publish offensive messages or pictures
- bullying/harassing others or use obscene or abusive language
- deliberately waste printing and internet resources
- damage computers, printers or network equipment
- commit plagiarism or violate copyright laws
- ignore teacher directions for the use of social media, online email and internet chat
- knowingly download viruses or any other unauthorised programs
- sharing passwords/log-on details
- trespassing in another person's files, home drive or email

The principal reserves the right to restrict student access to the school's ICT facilities and devices if access and usage requirements are not met or are breached. However restricted access will not disrupt the provision of the student's educational program.

Parent or Guardian

I understand that the Internet can provide students with valuable learning experiences.

I also understand that it gives access to information on computers around the world; that the school cannot control what is on those computers; and that a very small part of that information can be illegal, dangerous or offensive. I accept that, while teachers will exercise their duty of care, protection against exposure to harmful information should depend finally upon responsible use by students.

I believe _____ (Name of Student) understands this responsibility, and hereby I give my permission for him/her to access the Internet under the school rules. I understand that students breaking these rules will be subject to appropriate action by the school. This may include loss of IT access for some time

Browns Plains Student Dress Code Agreement

As part of the enrolment process to Browns Plains State School, parents and students agree to abide by the Student Dress Code Policy. The student dress code consists of an agreed standard and items of clothing that are standards of acceptable or reasonable dress to be worn when:

- attending or representing their school
- traveling to and from school
- engaging in school activities out of school hours

Student dress codes reflect school community standards and balance the rights of individual students with the best interests of the whole school community. They are consistent with health and safety considerations and anti-discrimination legislation. Student dress codes offer gender neutral uniform options for students.

Browns Plains State School uniform includes:

- Unisex Polo shirt with school logo and bottle green shorts (boys and girls)
- OR Dress - checkered with green collar and school logo (girls)
- Bottle green broad brim or slouch hat
- Bottle green zip up jacket or pull-over jumper
- White socks
- Black fully enclosed shoes or joggers (no ballet flats or canvas slip on shoes)

All items of uniform must be clean, presentable and in good repair.

Jewelry can present a safety risk and is restricted to sleepers or small plain studs. Cultural necklaces may be worn if covered by the student's shirt with a buttoned up collar. No rings, bracelets (except for a medical condition) or piercings other than in the ears can be worn.

Nail polish, other than a clear polish, is not to be worn at school.

Hair should be worn neatly. Hair that is collar length or longer should be tied up with bottle green or black hair ties. Drastic hairstyles (such as mohawks or tracks) and brightly coloured hair should not be worn.

Undershirts are permitted to be worn, however they are not to be visible under the school shirt. In very cold weather, a bottle green or black skivvy/thermal may be worn (including long sleeve).

Appropriate disciplinary consequences (such as detention) can be applied in response to a student's non-compliance to wearing the appropriate school uniform. If for any reason, there are circumstances where the correct uniform is not being worn, alternative arrangements for a set period of time may be arranged upon receipt of written request from parents.

I agree to abide by the conditions of the Browns Plains State School Student Dress Code as part of the enrolment agreement.

What is Positive Behaviour for Learning (PBL):

Positive Behaviour for Learning (PBL) is an evidence-based whole school approach to establish the social culture needed for schools to be effective learning environments for all students. PBL aids in building and supporting academic and social success for all students. In 2016 Browns Plains State School Staff made a commitment to implement PBL.

PBL assists schools to teach students expected social behaviours and, when implemented with integrity, it is an effective strategy for preventing school-based behaviour problems including violence and bullying.

PBL applies data-based decision making to improve student discipline, academic and social and emotional learning outcomes.

PBL Effectiveness:

Implementation of PBL with integrity in schools is associated with:

- ❖ reductions in the frequency of behaviour incidents and school disciplinary absences
- ❖ increases in teaching time
- ❖ improved school climate and staff well-being
- ❖ improved social and academic outcomes for students
- ❖ improved effectiveness of individual interventions

Teaching expected behaviours:

The Teaching Matrix (found on the next page) outlines the explicit behaviours relating to our three school expectations. This forms a common language and definition of appropriate behaviour across the whole school. Each fortnight a behaviour from the matrix is explicitly taught, practiced and reinforced across the whole school. Lessons are taught during throughout the week and practiced and reinforced during the fortnight. You can find the focus behaviour in the newsletter to discuss and reaffirm the expected behaviour at home.
